

TIPS FOR YOUR VISIT

If you are coming to Possum Kingdom for a few days of fishing, consider getting a guide for your first day out. The guide will show you how, when and where to catch fish and what bait to use. Your next days at the lake fishing will most likely be more productive.

If you don't have a good lake map, there is no time like the present to invest in one. It will help you become more familiar with the lake.

Advance reservations are recommended for boat rentals, fishing guide services, canoe trips, etc.
